- MX Trail ADV/DS Commuting
 Sport/Touring Racing Other:

How long have you been riding ADV/DS bikes? _____

What bike will you be riding on this adventure? _____

Please list any classes or schools you have attended.

PREFERRED RIDING STYLE

What best describes your ADV/DS riding style?

Leisurely. I like to take in the sights. Dirt roads or scenic single-lane paved roads are my favorite. Stops at cool local places are part of what makes my day complete.

Spirited. I like to mix it up. Get up to speed on any type of road, trail or service road, and then take a break at the scenic areas.

Go For It. It's like a race without the trophy. Cover some serious technical terrain with short breaks.

Don't Worry, Be Happy. I pretty much like it all.

FEEDING YOUR RIDE

What best describes your eating habits while on an ADV/DS ride?

Big breakfast, snack/fruit on the bike for lunch and then ride thru until dinner.

Three squares and I'm good.

I need food every couple of hours.

What best describes your food requirements or sensitivity?

As long as it's not moving, I'll eat it.

I can find something to eat at most restaurants.

I have allergies and/or special dietary requirements—we need to talk.

ANYTHING ELSE WE SHOULD KNOW?
